

Fundraise on the go!

This year we have introduced a new and easy way to help you reach your fundraising goal. Wear your sporty Giving Wristband when out and about and transform your wrist into an instant donation point.

Simply tap a mobile phone on the round RAF Museum logo, and as if by magic, supporters will be directed to a donate webpage that is linked to your race registration.

How to use your Giving Wristband

- Tap the top of the phone to the logo on the Wristband
- Click on the notification pop up which will open the donation page

- Unlock the phone
- Hold the phone over the Wristband until the internet browser opens
- Not working? Check the NFC feature is turned on in phone settings!
