

Weapons, Ordnance & Military Systems

Object No	X006-0048	
Title or Object Name	.303in, Cartridge, Mk.7/Cartron, Ammunition and Grenades/Ammunition Packaging/Ammunition/Specific Names and References	
Classification	AMMUNITION PACKAGING/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rectangular cardboard carton with original contents label.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	85/O/1371	
Title or Object Name	Ammunition, 0.30 cal. 100 Round/Box, Storage/Ammunition Packaging/Ammunition/Specific Names and References	
Classification	AMMUNITION PACKAGING/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rectangular steel case with a removable hinged lid with carrying handle. Painted overall olive drab.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading 03 - Fair/Standard Condition Grading	
Object No	71/O/398	
Title or Object Name	0.30in/Ammunition Belt (See Scope Note)/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White fabric belt stitched along its length to hold 250 rounds and fitted with a steel crimped clip end.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	83/O/1365	
Title or Object Name	0.30in/Ammunition Belt (See Scope Note)/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White fabric belt stitched along its length to hold 250 rounds and fitted with a steel crimped clip end.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	76/O/1200	
Title or Object Name	0.303in/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brass case necked at the top with rimmed base.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	79/O/2344	
Title or Object Name	0.303in/Link, Ammunition/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Group of four blackened steel links.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1990/1078/O	
Title or Object Name	0.50in/Ammunition, Linked {See Scope Note}/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Group of six linked empty cartridge cases only.	
Condition Category	03 - Fair/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X003-4313	
Title or Object Name	3pdr, Modified As Gas Attack Alarm/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brass 3pdr shell case, modified with wire suspension loop to be struck and used as an alarm for warning of gas attack.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	71/O/1479	
Title or Object Name	7.92mm, Mauser/Bullet/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Pointed with a slight taper and grooved.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	78/O/397	
Title or Object Name	7.92mm/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rimmed brass case only tapered at the tip.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	74/O/1326	
Title or Object Name	20mm Hispano/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Semi-rimmed brass case tapered at the nose.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1990/0354/O	
Title or Object Name	25pdr/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rimmed brass case only with percussion cap.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	1990/0355/O	
Title or Object Name	25pdr/(By Calibre or Weight)/Case, Shell, Empty/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rimmed brass case only with percussion cap.

Aircraft, Vehicles & Operational Technology

Object No	70/O/1070	
Title or Object Name	Aden 30mm/Bullet/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Partially sectioned. Cylindrical hollow steel body with an aluminium nose screwed in, a copper drive band above the rounded base.	
Condition Category	03 - Fair/Standard Condition Grading 03 - Fair/Standard Condition Grading	
Object No	73/O/219	
Title or Object Name	Drill, Wooden/0.303in/(By Calibre)/Small Arms/Round/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Holed rimmed brass case with a red wooden bullet. Case split near bullet.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	85/O/874	
Title or Object Name	Shell, Hotchkiss, 37mm/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Machined bare steel cylindrical shell with two grooved copper drive bands and a flat hollow (desmarest) fuse screwed into the tip.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	1995/0521/O	
Title or Object Name	Shell, No. 101B Mk. 2/British Army/Fuse/Ammunition, Component/Ammunition/Specific Names and References	
Classification	AMMUNITION, COMPONENT/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Grooved cone shaped body with a screw in cap containing a light creeper spring inside. Externally/internally threaded at the base with a grub screw. Painted with a red and green band.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X003-4278	
Title or Object Name	Bayonet, Japanese, Type 30/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long fullered sword type blade with hooked quillion, contoured wooden grip scales fastened with screws set in escutcheons and a contoured birds-head pommel with spring catch with protruding button. Steel scabbard with ball end and bracket around the throat for fixing the frog buckle. The frog is made of layers of cloth, impregnated with glue, the front piece is attached with stitching and reinforced with rivets and a small black leather buckle is stitched. (The frog has become very stiff).	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/1038	
Title or Object Name	Bayonet, Japanese, Type 30/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long fullered sword type blade (blackened) with straight quillion and high muzzle ring, (missing grip scales) and a contoured birds-head pommel with spring catch with protruding button. Complete with steel scabbard with rounded end and bracket around the throat for fixing the frog buckle.	
Condition Category	03 - Fair/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	76/O/1052	
Title or Object Name	Bayonet, K98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel dagger type blade with long fullers and a pointed tip. A black bakelite grip with ribbed scales fixed by two screw bolts. The cross guard is plain with a semi-circle cut from the top. Steel pommel with spring loaded protruding catch and a machined channel. Complete with steel scabbard with oval frog stud and ball end, fitted with a black leather frog. Slight crack in one bakelite grip scale and dent marks across the spine.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9124	
Title or Object Name	Bayonet, M1917, P.17/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long steel blade with full fullers tapered to a point, two piece wooden grip scales with two horizontal grooves in each, fixed by two screw bolts. Wasted cross guard with 22mm Ø muzzle ring and spring loaded catch with channel in the pommel. Complete with leather scabbard having a metal oval frog stud, stapled tip and throat and fitted with a home guard leather frog (accessioned separately).	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9131	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single-edged saw backed (49 teeth) knife blade with double-edged spear point, feruled. Two piece wooden hand grip fixed with two screw bolts and a clean out hole behind the (ground down) cross guard. Vestigial beak head shape pommel with spring loaded button catch. Complete with steel ball end scabbard with remains of original green paint.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9138	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Butcher type sword blade, widening towards the end with full length fullers. Two piece wooden grip with nine grooves and fixed with two screw bolts. Without muzzle ring but fitted with steel flash guard strip along back of grip. Spring locking catch on "birds head" shaped pommel. Steel scabbard with ball end and oval frog stud and fitted with black leather frog.	
Condition Category	Fair with damage and deterioration	
Object No	X002-9140	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel dagger type blade with long fullers and a pointed tip. A black bakelite grip with ribbed scales fixed by two screw bolts. The cross guard is plain with a semi-circle cut from the top. Steel pommel with spring loaded protruding catch and a machined channel. Complete with steel scabbard with oval frog bracket and ball end, fitted with a black leather frog. Leather on frog in poor condition.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/59	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Complete with scabbard.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/1039	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single-edged sword type blade with double-edged spear point, and full length fullers. Two piece wooden hand grip fixed with two screw bolts and a clean out hole behind the shallow crescent shaped cross guard. Vestigial beak head shape pommel with spring loaded button catch. Complete with steel ball end (black painted) scabbard and brown leather frog with belt loop.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	73/O/539	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Chromed single-edged blade with full length fullers and curved quillion with shallow crescent cross guard. Two piece black plastic cross-hatched hand grip scales fixed with two pins cross guard. Vestigial beak head shape pommel with channel and spring loaded button catch. Complete with steel ball end scabbard fitted with black leather frog (remains of black paint on scabbard).	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	73/O/1367	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dress bayonet with birds head pommel with spring loaded catch and rifle lug slot with felt insert. Chequered black plastic grips fixed by two pins and a swept cross guard. The 9 3/4" single edged, fullered polished blade is marked by the manufacturer at the ricasso. Original black painted military issue scabbard with ball end and lozenge shaped frog stud.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	85/O/1252	
Title or Object Name	Bayonet, Mauser, Model 98/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single-edged sword type blade with double-edged spear point, and full length fullers. Two piece wooden hand grip fixed with two screw bolts and a clean out hole behind the shallow crescent shaped cross guard. Vestigial beak head shape pommel with spring loaded button catch. Complete with steel ball end (black painted) scabbard.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X002-9119	
Title or Object Name	Bayonet, No. 4, Mk. II*/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered rounded spike socket and blade two separate forgings with a spring catch. Scabbard has tapered steel body with a ball finial and a drain hole in the finial.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9122	
Title or Object Name	Bayonet, No. 4, Mk. II*/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered rounded spike blade socket and blade two separate forgings with a spring catch. Scabbard has tapered steel body with a ball finial and a drain hole in the finial. Scabbard dented.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	69/O/896	
Title or Object Name	Bayonet, No. 4, Mk. II*/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered rounded spike blade socket and blade two separate forgings with a spring catch. Scabbard has tapered steel body with a ball finial and a drain hole in the finial.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X002-9116	
Title or Object Name	Bayonet, No. 4, Mk. II/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered rounded spike blade forged to the socket with a spring catch. Scabbard has tapered steel body with a ball finial and a drain hole in the finial.	
Condition Category	02 - Good/Standard Condition Grading

Title or Object Name	Bayonet, No. 9, Mk. I/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bowie knife style blade with short fullers fixed to a sturdy socket with a spring loaded clip. Scabbard is painted black overall with a brass throat.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	69/O/902	
Title or Object Name	Bayonet, No. 9, Mk. I/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bowie knife style blade with short fullers fixed to a sturdy socket with a spring loaded clip. Scabbard is painted black overall with a brass throat.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	72/O/16	
Title or Object Name	Bayonet, Ptn 1853, Enfield/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Thin triangular section blade with pointed tip and 3" long socket (bushed to 18mm inside diameter to fit Martini-Henry rifle). Complete with triangular black leather scabbard with brass throat and tip (missing) with oval frog stud on throat. Both items painted over with lacquer to preserve.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X001-1597	
Title or Object Name	Bayonet, Ptn 1888, Mk. II/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long double-edged dagger type blade with sharp point, cross guard with 22mm Ø hole and curled the opposite side. Two piece wooden handle scales fixed by two large wide apart brass rivets. Odd-shaped pommel with push-button/internal-spring latch and oil hole. Black leather scabbard with oval "locket" and stapled metal guards to top and bottom. Top metal guard staples missing and slight damage to scabbard.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9130	
Title or Object Name	Bayonet, Ptn 1888, Mk. 1, Type 1/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long double-edged dagger type blade with sharp point, cross guard with 22mm Ø hole and curled the opposite side. Two piece wooden handle scales fixed by two small and one large brass rivet with a small oil hole in-between the small rivets. Odd-shaped pommel with push-button/internal-spring latch. Black leather scabbard with oval "locket" and stapled metal guards to top and bottom.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X008-4926	
Title or Object Name	Bayonet, Ptn 1907, Enfield/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel blade with full length fullers and a flat quillion with 23mm Ø muzzle ring. Two piece wooden grip scales fixed by two screw bolts. "Birds head" shaped pommel with channel, oil hole and spring loaded button. Complete with black leather scabbard with stapled throat and tip steels (throat steel has rounded frog stud, and blue-grey webbing).	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/57	
Title or Object Name	Bayonet, Ptn 1907, Enfield/Weapons, Non-Firearm/Specific Names and References	
Classification	BAYONET/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel blade with full length fullers and a flat quillion with 23mm Ø ring. Two piece wooden grip scales fixed by two screw bolts. "Birds head" shaped pommel with channel and spring loaded button.	
Condition Category	02 - Good/Standard Condition Grading

Title or Object Name	No. 29 Mk. 1/Lug, Suspension/Attachment/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Un-used/plastic coated. Cylindrical externally threaded base with cross bar machined from a single piece.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	72/O/155	
Title or Object Name	No. 6 Mk. 1/RAF/(By Service)/Ejection/Burster/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Clear plastic cylindrical container filled with coarse sand.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	72/O/157	
Title or Object Name	No. 7 Mk. 1/RAF/(By Service)/Ejection/Burster/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Clear plastic container filled with sand.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1991/0132/0	
Title or Object Name	RAF (Mark unknown)/Pin, Safety, Bomb Arming/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Heavy duty steel split pin with safety tag.	
Condition Category	03 - Fair/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	78/O/17	
Title or Object Name	Safety Pin & Tablet/Attachment/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Heavy duty split pin with safety tag on split ring.	
Condition Category	02 - Good/Standard Condition Grading 03 - Fair/Standard Condition Grading	
Object No	78/O/937	
Title or Object Name	Safety Pin & Tablet/Attachment/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Heavy duty split pin with safety tag on split ring.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	82/O/1239	
Title or Object Name	Sensitive, Delay, No. 50 Mk. 2, Drill/RAF/(By Service)/Bomb/Detonator/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brown painted metal cup (stamped DRILL) with a vertical bar machined from a single piece. Two holes drilled through the bar and green paper label inside the cup with mark and number.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	75/O/524	
Title or Object Name	Sensitive, Delay, No. 51 Mk. 2, Drill/RAF/(By Service)/Bomb/Detonator/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted metal cup (stamped DRILL) with a vertical bar machined from a single piece. Two holes drilled through the bar and green paper label inside the cup with mark and number.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	75/O/525	
Title or Object Name	Sensitive, Delay, No. 51 Mk. 2, Drill/RAF/(By Service)/Bomb/Detonator/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted metal cup (stamped DRILL) with a vertical bar machined from a single piece. Two holes drilled through the bar and green paper label inside the cup with mark and number.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X005-8033	
Title or Object Name	Type A/RAF/(By Service)/Candle, Target Indicator/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Fabric covered cardboard and metal tube capped one end with hole the other.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	75/O/615	
Title or Object Name	USAF/(By Service)/Wire, Bomb Fusing/Attachment/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Length of brass .064 diameter wire with a twisted loop in the centre and two copper clips.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	82/O/383	
Title or Object Name	Bomb Tail, A583 Mk. 2/RAF/(By Service)/Box, Storage/Bomb Packaging/Ordnance/Specific Names and References	
Classification	BOMB PACKAGING/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brown painted large rectangular glass-fibre container with an air tight lid and reinforced rubber corners.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X005-9952	
Title or Object Name	1kg Incendiary/GAF 1933-1945/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cone shaped with three vanes ending in a circular brake, showing heat damage. Has remains of original matt green paint.	
Condition Category	03 - Fair/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	76/O/1283	
Title or Object Name	1kg Incendiary/GAF 1933-1945/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spot welded thin metal tail cone assembly, scorched with remains of green paint.	
Condition Category	03 - Fair/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	76/O/1284	
Title or Object Name	1kg Incendiary/GAF 1933-1945/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spot welded thin metal tail cone assembly, scorched with remains of green paint.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	85/O/873	
Title or Object Name	1kg Incendiary/GAF 1933-1945/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spot welded thin metal tail cone assembly painted overall green.	
Condition Category	04 - Poor/Standard Condition Grading Fair with slight damage	
Object No	70/O/303	
Title or Object Name	9.45in, Tail, Trench Mortar/Bomb, Mortar, Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red painted, large steel cone with four fins welded and riveted to the outside. Four equally spaced holes in the cone with two in fins.	
Condition Category	04 - Poor/Standard Condition Grading Fair with slight deterioration	
Object No	70/O/304	
Title or Object Name	9.45in, Tail, Trench Mortar/Bomb, Mortar, Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted, large steel cone with four fins welded and riveted to the outside. Four equally spaced holes in the cone with two in fins.	
Condition Category	03 - Fair/Standard Condition Grading Fair with slight deterioration	
Object No	1994/1183/O	
Title or Object Name	GAF 1933-1945 (Mark unknown)/GAF 1933-1945/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large sheet steel cone with four braced fins and a yellow stripe. Three bracings missing with slight damage.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X003-8513	
Title or Object Name	No. 2 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White painted cone with a red painted cylindrical shaped strut and four fins riveted to outside.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X003-8514	
Title or Object Name	No. 2 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Matt green painted cone with a cylindrical shaped strut and four fins riveted to outside.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	79/O/2292	
Title or Object Name	No. 2 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Grey painted steel cone with four fins connected to a cylindrical strut. Four spring clips around the cone for attaching to the bomb.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1022/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cone fitted with four fins riveted to a cylinder housing an integral arming vane. Four spring clips around diameter of cone for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1023/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cone fitted with four fins riveted to a cylinder housing an integral arming vane. Four spring clips around diameter of cone for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1024/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cone fitted with four fins riveted to a cylinder housing an integral arming vane. Four spring clips around diameter of cone for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1025/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cone fitted with four fins riveted to a cylinder housing an integral arming vane. Four spring clips around diameter of cone for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1192/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted cone with four fins inside a cylinder shaped strut riveted to the outside. Four spring clips around the cone and integral arming vane.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1194/O	
Title or Object Name	No. 2 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dark green painted cone with four fins inside a cylinder shaped strut riveted to the outside. Four spring clips around the cone and integral arming vane.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1994/1026/O	
Title or Object Name	No. 26 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short green painted cone riveted with four fins connected to a shallow cylinder. Integral arming vane and four spring clips for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1027/O	
Title or Object Name	No. 26 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short green painted cone riveted with four fins connected to a shallow cylinder. Integral arming vane and four spring clips for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1028/O	
Title or Object Name	No. 26 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short green painted cone riveted with four fins connected to a shallow cylinder. Integral arming vane and four spring clips for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1029/O	
Title or Object Name	No. 26 Mk. 3/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short green painted cone riveted with four fins connected to a shallow cylinder. Integral arming vane and four spring clips for fitting to bomb. Complete with cardboard container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1091/O	
Title or Object Name	No. 37 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted short cone riveted with four fins enclosed within a shallow cylinder. Integral arming vane and four large bolts for attachment to bomb body. Damaged cone and strut.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1034/O	
Title or Object Name	No. 77 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted steel cone with integral arming vane riveted to four fins and a smaller diameter tail cone unit with four attachment clips to fit bomb body. Complete with cardboard storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1994/1035/O	
Title or Object Name	No. 77 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted steel cone with integral arming vane riveted to four fins and a smaller diameter tail cone unit with four attachment clips to fit bomb body. Complete with cardboard storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1036/O	
Title or Object Name	No. 77 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted steel cone with integral arming vane riveted to four fins and a smaller diameter tail cone unit with four attachment clips to fit bomb body. Complete with cardboard storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1037/O	
Title or Object Name	No. 77 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted steel cone with integral arming vane riveted to four fins and a smaller diameter tail cone unit with four attachment clips to fit bomb body. Complete with cardboard storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1038/O	
Title or Object Name	No. 77 Mk. 1/RAF/(By Service)/Tail, Bomb/Bomb Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted steel cone with integral arming vane riveted to four fins and a smaller diameter tail cone unit with four attachment clips to fit bomb body. Complete with cardboard storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	76/O/958	
Title or Object Name	Tail Fin, Mortar, 2in/Bomb, Mortar, Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cast aluminium tail fuse unit with six vanes with three holes in-between each with remains of body. Severely corroded with three vanes missing.	
Condition Category	03 - Fair/Standard Condition Grading 04 - Poor/Standard Condition Grading	
Object No	76/O/1633	
Title or Object Name	Tail Fin, Mortar, 2in/Bomb, Mortar, Component/Ordnance/Specific Names and References	
Classification	BOMB TAIL/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cast aluminium tail fuse unit with six vanes with three holes in-between each with remains of body. Severely corroded with three vanes missing.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X003-7506	
Title or Object Name	1,000lb, HES, MC, Mk. 22/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Light blue painted hollow cylindrical body tapering at the nose (plugged) and flat base with tail fitting and internal thread. Central suspension lug.	
Condition Category	Fair with slight deterioration	

Aircraft, Vehicles & Operational Technology

Object No	65/O/1065	
Title or Object Name	1,000lb, MC, Mk. 1/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical steel casting with parallel side, ogival nose, and slight taper at rear end. Exploder container in the nose is (plugged) with a large central "H" type suspension lug and two squares of weld (remains of alternative suspension). Body heavily trepanned. Painted matt green overall and fitted with a base plate.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	65/O/1066	
Title or Object Name	1,000lb, MC, Mk. 1/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical steel body with parallel sides, ogival nose, and slight taper at rear end. Exploder container in the nose is (plugged) with a large central "H" type suspension lug and two squares of weld (remains of alternative suspension). Body heavily trepanned. Painted white overall and fitted with a base plate.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X003-7462	
Title or Object Name	1,000lb, MC, Mk. 20, Inert/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Matt green painted cylindrical body with a pointed nose (plugged). Single suspension lug with two hoisting points either side. Transit base fitted.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	X003-8554	
Title or Object Name	1,000lb, MC, Mk. 7*/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Body construction is hollow steel casting, parallel sides, ogival nose and slight taper at rear end. Re-painted black overall, single No 27 Mk. 1 suspension lug at the centre (with alternative dual USA lugs removed).	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1146/O	
Title or Object Name	2,000lb (Mark Unknown)/Armour Piercing/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long forged steel cylindrical shaped body with a solid pointed nose. Fitted with a tail adaptor. Painted olive green overall with a red and white nose band.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/348	
Title or Object Name	3lb/Practice/RFC/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Small solid tapered body with a rounded nose containing a cap and fitted with a four fin tail cone assembly. Remains of pale green paint and mounted to a stand.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/1059	
Title or Object Name	8½lb, Mk. II/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two piece tapered black plastic body with central suspension band and brass nose striker. Cylindrical steel tail cone (surface corrosion).	
Condition Category	03 - Fair/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	74/O/1125	
Title or Object Name	8½lb, (Mark unknown)/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered body with suspension loop and a flat nose with one piece tail cone assembly. Painted overall matt black with safety pin.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	83/O/196	
Title or Object Name	8½lb, (Mark unknown)/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical body tapered at both ends with a single suspension eye, striker head and safety pin in the nose. Fitted with a hollow steel tail cone assembly. Heavy surface corrosion.	
Condition Category	Poor (Deteriorated)	
Object No	83/O/197	
Title or Object Name	8½lb, (Mark unknown)/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical body tapered at both ends with a single suspension eye, striker head and safety pin in the nose. Fitted with a hollow steel tail cone assembly. Heavy surface corrosion.	
Condition Category	Poor (Deteriorated)	
Object No	72/O/69	
Title or Object Name	8½lb, Mk. I, Sectioned/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Cylindrical body tapered at both ends with a single suspension eye, striker head and safety pin in the nose. Fitted with a hollow steel tail cone assembly. Painted overall white with black and red bands.	
Condition Category	Poor (Damaged)	
Object No	68/O/741	
Title or Object Name	20lb, Cooper/High Explosive/RFC/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered body with single suspension lug and screw-off nose cap (missing) with split wooden tail and separated fins. Painted mustard colour overall.	
Condition Category	Poor (Damaged) 02 - Good/Standard Condition Grading	
Object No	76/O/1117	
Title or Object Name	20lb, Hales/High Explosive/RFC/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Pear shaped hollow main body with single central suspension lug, fitted with a three fin tail assembly on a threaded post with rotating fuse vane and hand loop. Missing fins and hand loop with broken vane.	
Condition Category	Fair with slight damage	
Object No	69/O/1334	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder of helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1335	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	69/O/1336	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1337	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1338	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1339	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1340	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1341	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1342	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1343	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	69/O/1344	
Title or Object Name	20lb, Stabilized, Mk. 4/Fragmentation/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylinder with helically wound steel bar, nose cap and small suspension loop. Four sheet steel fins fixed to a small diameter length of tube. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	75/O/925	
Title or Object Name	25lb, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered body with suspension loop and a flat nose with one piece tail cone assembly. Painted overall white.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	80/O/478	
Title or Object Name	25lb, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered body with suspension loop and a flat nose with one piece tail cone assembly. Painted overall white with safety pin. Slight damage to fin.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	82/O/111	
Title or Object Name	28lb, Retarded, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three piece bomb with, tapered nose section incorporating a folding suspension lug and flat point. Plain centre section fitted to a one piece four fin retarded tail assembly. Painted overall in mid blue.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	81/O/735	
Title or Object Name	50kg, SC 50 (Mark unknown)/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	One piece drawn steel body with a welded nose and fuse pocket with suspension lug point just behind. A second suspension point at nose (filled with plug). Painted light grey overall.	
Condition Category	Incomplete	
Object No	81/O/1271	
Title or Object Name	50kg, SC 50 (Mark unknown)/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	One piece drawn steel body with a welded nose and fuse pocket (with fuse) and suspension lug just behind. A second suspension point at nose (filled with plug) with a sheet steel tail cone assembly (loose). Painted light grey overall with yellow tail fin stripes.	
Condition Category	Fair with slight damage	
Object No	85/O/1204	
Title or Object Name	50kg, SC 50 (Mark unknown)/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single piece steel casting with a transverse fuse pocket containing a (Ladekopf mv-ov, marked fuse). Horizontal suspension eye bolt (missing) with alternative vertical one in the nose. Sheet steel tail cone assembly. Body painted green with yellow stripes on tail.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1166/O	
Title or Object Name	100lb (Mark unknown)/Anti-Submarine/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hollow steel body tapering at both ends with a single suspension lug and a threaded nose plug. Stepped down at the tail and has a aluminium cover. Severely corroded.	
Condition Category	Poor (Deteriorated)	

Aircraft, Vehicles & Operational Technology

Object No	70/O/142	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three piece slim body tapering at the nose with a machined suspension lug and nose plug fitted. Sheet steel tail cone assembly with four fins. Painted overall light blue with slight damage to one fin.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	73/O/568	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White painted three piece construction with a red band comprising, a solid nose with machined out suspension lug, solid centre section and a four fin tail cone assembly.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	82/O/1216	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White painted three piece construction comprising, a solid nose with machined out suspension lug, solid centre section and a four fin tail cone assembly. Slight fin damage.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	82/O/1217	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three piece slim body tapering at the nose with a machined suspension lug and nose plug fitted. Sheet steel tail cone assembly with four fins. Painted overall blue.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1987/0091/O	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned practice bomb.	
Condition Category	Incomplete	
Object No	1987/0256/O	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three piece slim body tapering at the nose with a machined suspension lug and nose plug fitted. Sheet steel tail cone assembly with four fins. Painted overall white with red, green and black bands.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	1994/0484/O	
Title or Object Name	100lb, Smoke & Flash, No. 1 Mk. 1/Practice/Training/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three piece slim body tapering at the nose with a machined suspension lug and nose plug fitted. Sheet steel tail cone assembly with four fins. Painted overall green over blue with slight damage to one fin.	
Condition Category	Fair with slight damage	
Object No	65/O/1069	
Title or Object Name	140lb, No. 2 Mk. 1/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel cylinder comprising two halves with nose cap and tail cone assembly. Single suspension lug with two thick bands around body. Painted black with red nose band. Slight damage to fin.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	65/O/1071	
Title or Object Name	140lb, No. 2 Mk. 1/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel cylinder comprising two halves with nose cap. Single suspension lug with two thick bands around body. Painted black with red nose band.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1106/O	
Title or Object Name	250lb, GP, Mk. 5/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green painted cylindrical body with rounded nose and flat tapered tail end. Large nose suspension eye bolt and a welded suspension lug just of centre. Four machined slots at rear for tail cone fitting. Heavy surface corrosion and bird faeces.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9104	
Title or Object Name	250lb, MC (Mark unknown)/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned, dark green painted body showing exploder tube and fuse pocket. Single suspension lug.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1142/O	
Title or Object Name	250lb, MC, Mk. 1/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Solid drawn steel barrel slightly tapered nose and tail. Single welded suspension lug with four slots for tail cone machined in rear. Threaded fuse pocket in the nose. Heavily corroded.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/11	
Title or Object Name	250lb, Mk. 2 (Replica)/Semi-Armour Piercing/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned wooden replica. Streamlined body with single suspension lug and partial tail cone assembly. Painted overall mustard with red, white and green nose bands.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/393	
Title or Object Name	250lb, Mk. 5/Semi-Armour Piercing/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Painted cream overall and tapering at both ends with a solid nose having a white band. Single central suspension lug with four machined slots at tail. Complete with transit base.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X003-8561	
Title or Object Name	500kg, PC 500 E/Armour Piercing/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	One piece forged steel pointed body with single transverse fuse pocket. Two holes in centre of body for single horizontal suspension lug attachment. Stepped angle at base for tail cone fitting. (Remains of field grey paint colour)	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1134/O	
Title or Object Name	500kg, SC 500 (Mark unknown)/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted body with a pointed welded nose section, two fuse pockets and three threaded holes for suspension lugs. Fitted with a domed tail plug? with 16 countersunk bolt holes around the rear of the bomb body to attach Tail Unit Cone.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X004-0764	
Title or Object Name	500lb (Mark unknown)/Semi-Armour Piercing/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Trepanned, streamlined one-piece construction with central suspension lug and tail assembly piece.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X004-0762	
Title or Object Name	500lb, GP (Mark unknown)/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	One piece construction with suspension lug/eye bolt. Threaded nose fuse pocket (missing fuse) with a white painted band. Tail end has 4 cast slots to accommodate tail assembly (missing) with threaded base.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	81/O/733	
Title or Object Name	500lb, GP (Mark unknown)/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cast iron body tapering at both ends with a single suspension lug in the centre. Four slots cut at the rear for tail cone assembly clips and a nose plug fitted. Painted dark green overall.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/0485/O	
Title or Object Name	500lb, GP (Mark unknown)/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Converted to money box by insertion of slot between mounting lugs.	
Condition Category	Incomplete	
Object No	1994/1096/O	
Title or Object Name	500lb, MC (Mark unknown)/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single piece body tapering at both ends with three welded suspension lugs (two for USA aircraft). Large threaded fuse pockets at nose and tail with four machined slots at rear for tail assembly. Has been trepanded and has remains of faded green paint.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	70/O/147	
Title or Object Name	500lb, MC, Sectional, MK. 10/High Explosive/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Forged steel body with nose and tail welded on, tapering to a solid point at the nose with a flat surface at the tail with four machined slots to take tail cone spring clips. Three suspension lugs (dual for use on US aircraft) and painted green overall with red along the section.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X005-5995	
Title or Object Name	600lb, Type BL755, No. 1 Mk. 1/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Blue and green painted tapering cylinder with cruciform fins aft. Inert training round with opening top cover to display sub munitions. Mounted on castored trolley. The submunitions bay is fitted with a mixture of wooden and metal dummy submunitions.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1994/1137/O	
Title or Object Name	1000kg, SC 1000/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sky blue painted bomb with single "H" type suspension lug fixed to a strap. "Kopfring" - a metal ring at nose, triangular in cross section, designed to prevent ground penetration. A single transverse fuse pocket and fitted with tail collar and transit base.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/0486/O	
Title or Object Name	1400kg, P.C. 1400 Fritz/Armour Piercing/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Missing tail assembly. Streamlined one piece forged warhead with single transverse fuse pocket and 3 threaded holes forward of the fuse pocket. Tapered at rear and threaded inside.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/0602/O	
Title or Object Name	1800kg, SC 1800, Satan/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Drawn steel tube showing fuse pocket and "H" type suspension lug. Missing tail and repainted overall green.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/0601/O	
Title or Object Name	2000kg, SC 2000/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large cylindrical body with a pointed nose, single suspension lug, fuse pocket and tail plug fitted. Painted overall dark green.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1163/O	
Title or Object Name	2000kg, SC 2000/High Explosive/GAF 1933-1945/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large steel body with "Kopfring" (nose ring) and horizontal suspension lug. Painted overall Cambridge blue. Missing tail.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X005-7453	
Title or Object Name	Bomb, H.E., 3in, 10lb, Mk. 3/Mortar/Round/Ammunition/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered body with a rounded nose fitted with a flat nose plug (missing) and six fin hollow tail assembly. Remains of black paint on body and crushed tail.	
Condition Category	Poor (Damaged)	
Object No	83/O/1158	
Title or Object Name	Bomblet, Type 1 (Spring Fin Retarded)/600lb, Type RBL 755 Mod, No. 1A Mk. 4/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brown painted (over blue) metal ribbed cone with spring steel coronet retarding tail mechanism. Missing lower spring mechanism.	
Condition Category	Incomplete 02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1993/0616/0	
Title or Object Name	Bomblet, Type 1 (Spring Fin Retarded)/600lb, Type RBL 755 Mod, No. 1A Mk. 4/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Conical explosive charge with stepped ring casing (painted blue), spring loaded nose fusing section and spring steel coronet retarding tail mechanism.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1993/0617/0	
Title or Object Name	Bomblet, Type 2 (Parachute Retarded)/600lb, Type RBL 755 Mod, No. 1A Mk. 4/Cluster/RAF/(By Service)/Bomb/Ordnance/Specific Names and References	
Classification	BOMB/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Blue painted ribbed cone with a spring fitted at one end and spring steel arms with parachute (missing) the other.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X005-8029	
Title or Object Name	1¾in, No. 2 Mk. 1/RAF/Cartridge, Photoflash/(By Type)/Cartridge, Non Ammunition/Round/Ammunition/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cartridge with red band and flanged at the base with percussion cap.	
Condition Category	03 - Fair/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	71/A/281	
Title or Object Name	1.75in, No. 1 Mk. 1/RAF/(By Service)/Aerial Cartridge/Discharger/Ordnance/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cluster of six barrels connected to the main head with a hand wheel and cover having a multi-pin electrical plug attached. Two cartridges still fitted in barrels.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	82/O/1253	
Title or Object Name	2.25in, Type 200, No. 1 Mk. 1/RAF/Cartridge, Radar Echo Warning/(By Type)/Cartridge, Non Ammunition/Round/Ammunition/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare aluminium cartridge with a rimmed base.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	82/O/1523	
Title or Object Name	No. 4 Mk. 1/USA/Cartridge, Cable Cutting/(By Type)/Cartridge, Non Ammunition/Round/Ammunition/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hexagonal plug with external thread at one end and four pin socket the other.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	82/O/1524	
Title or Object Name	No. 4 Mk. 1/USA/Cartridge, Cable Cutting/(By Type)/Cartridge, Non Ammunition/Round/Ammunition/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hexagonal plug with external thread at one end and four pin socket the other.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	72/O/371	
Title or Object Name	RAF, 1in, Mk. 1/Cartridge, Percussion, Rocket/(By Type)/Cartridge, Non Ammunition/Round/Ammunition/Specific Names and References	
Classification	CARTRIDGE, NON-AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spent, short brass cartridge case only with percussion cap. Several drill holes around the case.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1998/0209/O	
Title or Object Name	Grenade, GAF 1933-1945/Carrying Case/Ordnance/Specific Names and References	
Classification	CASE, CARRYING/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large rectangular dark grey painted ribbed steel case with four strap fittings and carrying handle.	
Condition Category	04 - Poor/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	71/O/482	
Title or Object Name	Container, Packing, Marker Sea, No 32 Mk.1/Container/Ordnance/Specific Names and References	
Classification	CONTAINER/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cardboard tube in two pieces. For Marker, Sea, Aluminium Mk.5*.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/483	
Title or Object Name	Container, Packing, Marker Sea, No 32 Mk.1/Container/Ordnance/Specific Names and References	
Classification	CONTAINER/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cardboard tube in two pieces. For Marker, Sea, Aluminium Mk.5*.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X005-8039	
Title or Object Name	Detonator, No. 27, MK. 1/Container/Ordnance/Specific Names and References	
Classification	CONTAINER/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Empty bare metal container in two halves with screw-off lid at both ends. Original used to hold 15 detonators in each side.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	72/O/64	
Title or Object Name	Mk. 14*/RAF/(By Service)/Pistol & Valve Unit, Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Black painted steel tube with brass and aluminium fittings at either end.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/67	
Title or Object Name	Mk. 20*/RAF/(By Service)/Pistol & Valve Unit, Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Black painted steel tube with brass and aluminium fittings at either end.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/322	
Title or Object Name	Mk. 20*/RAF/(By Service)/Pistol & Valve Unit, Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted steel tube with brass and aluminium fittings at either end.	
Condition Category	02 - Good/Standard Condition Grading	

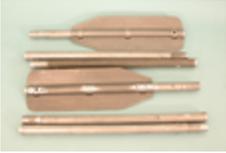

Aircraft, Vehicles & Operational Technology

Object No	73/O/637	
Title or Object Name	Mk. 20*/RAF/(By Service)/Pistol & Valve Unit, Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White painted steel tube with brass and aluminium fittings at either end.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/220	
Title or Object Name	Pad, Sponge Rubber/Primer/Depth Charge Component/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of thick rubber sponge.	
Condition Category	Poor (Deteriorated)	
Object No	70/O/140	
Title or Object Name	250lb, Mk. 11*/RAF/(By Service)/Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted steel cylinder (welded horizontally in two halves) with a red band and tail fitting? Three suspension lugs for UK and USA aircraft.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X005-7459	
Title or Object Name	Practice, Mk. 15, Mod 12/RAF/(By Service)/Depth Charge/Ordnance/Specific Names and References	
Classification	DEPTH CHARGE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylindrical shaped body with (brass key fitting) a rounded nose cap and cone tail fin assembly.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	66/S/1217	
Title or Object Name	Baler, RAF/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two circular steel wire frames joined by orange rubber fabric forming a container when opened. Handle one end. Rubber showing signs of becoming perished.	
Condition Category	04 - Poor/Standard Condition Grading Poor (Deteriorated)	
Object No	1987/0328/S	
Title or Object Name	GAF 1933-1945/Dinghy/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rubberised one man fabric dinghy stiffened with age.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	73/S/1246	
Title or Object Name	Kite, Box, USAF Type M-357-A/Air Sea Rescue Equipment (general)/Rescue Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Collapsible thin metal rods with orange fabric forming a rectangular box kite when assembled. Stored inside a yellow painted container. Instructions for launching label around the outside.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	75/S/1199	
Title or Object Name	Kite, Box, USAF Type M-357-A/Air Sea Rescue Equipment (general)/Rescue Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Collapsible thin metal rods with orange fabric forming a rectangular box kite when assembled.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	82/S/516	
Title or Object Name	Kite, Box, USAF Type M-357-A/Air Sea Rescue Equipment (general)/Rescue Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Collapsible thin metal rods with orange fabric forming a rectangular box kite when assembled. Stored inside a yellow painted container. Instructions for launching label around the outside. Container has minor damage.	
Condition Category	03 - Fair/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	66/S/1246	
Title or Object Name	Line and Drogue/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of soft metal wire with a white fine cotton sock and line sewn around it.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	66/S/1247	
Title or Object Name	Line and Drogue/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of soft metal wire with a white fine cotton sock and line sewn around it.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	66/S/1248	
Title or Object Name	Line and Drogue/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of soft metal wire with a white fine cotton sock and line sewn around it.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	66/S/1249	
Title or Object Name	Line and Drogue/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of soft metal wire with a white fine cotton sock and line sewn around it.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	66/S/1250	
Title or Object Name	Line and Drogue/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular piece of soft metal wire with a white fine cotton sock and line sewn around it.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	65/S/152	
Title or Object Name	Paddle, Collapsible, GAF, 1933-45/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Pair. Three tubular sections with one having a riveted paddle fitted, all joining together with spring loaded ball clips.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	73/S/642	
Title or Object Name	Paddle, Collapsible, GAF, 1933-45/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two metal poles joined together with spring loaded catch and a paddle riveted one end. Missing one section.	
Condition Category	03 - Fair/Standard Condition Grading Fair with slight deterioration	
Object No	78/S/1125	
Title or Object Name	Paddle, Collapsible, GAF, 1933-45/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Three metal tubes with spring loaded ball fittings forming a paddle when joined. Damaged.	
Condition Category	04 - Poor/Standard Condition Grading Poor (Damaged)	
Object No	66/S/1219	
Title or Object Name	Paddle, Hand/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel rectangular frame with orange rubber fabric stitched and glued around the edges forming a paddle. Two elasticated strips and one cotton strip sewn one side.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	66/S/1220	
Title or Object Name	Paddle, Hand/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References

Title or Object Name	RAF, Type P/Pack, Emergency/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brown leatherette cushion with an orange folding canvas pack connected by zipper underneath, Green webbing straps with quick release buckles on either side.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	74/S/756	
Title or Object Name	RAF, Type P/Pack, Emergency/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Brown leatherette cushion with an orange folding canvas pack connected by zipper underneath, Green webbing straps with quick release buckles on either side.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	74/S/732	
Title or Object Name	RAF, Type Q/Pack, Emergency/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rectangular orange canvas bag with a full zipper and two green webbing straps with green anodised (MBEU) locking buckles. Boxed with original packaging.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	74/S/769	
Title or Object Name	RAF, Type S/Dinghy/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Light blue and orange rubber dinghy with ridge and tent poles. Boxed.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	74/S/770	
Title or Object Name	RAF, Type S/Dinghy/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Light blue and orange rubber dinghy with ridge and tent poles. Boxed.	
Condition Category	Incomplete	
Object No	74/S/733	
Title or Object Name	RAF, Type SA, Mk. 1/Pack, Emergency/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rectangular olive green canvas bag with a press studded flap at the front and nylon straps one side. A parachute rip cord handle stored inside. Boxed with original packaging.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	74/S/721	
Title or Object Name	RAF, Type W/Pack, Emergency/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Rectangular orange canvas bag with a full zipper and two green webbing straps with locking buckles. Boxed with original packaging.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	1992/0432/S	
Title or Object Name	Reflector, Radar, USAF/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	A series of metal arms covered with fine wire mesh forming a square when opened up. Dinghy oar fitting at the base.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X006-2087	
Title or Object Name	Sail, Dinghy, Type K2/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dyed red and in the form of an isosceles triangle. The edges are reinforced and the corners reinforced and eyeleted for the bow guyline and steering lines. Printed with sailing instructions one side.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	74/S/707	
Title or Object Name	Type SS. Mk. 7/Life-Raft/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Single seat rubberised dinghy sealed in rubber within a cardboard box.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	74/S/743	
Title or Object Name	Valise, Carrying, H & J Type Dinghy/Dinghy Accessory/Safety and Survival Equipment/Specific Names and References	
Classification	DINGHY EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Flat packed. Large rectangular orange canvas bag with wooden base, four white cotton handles around the edges and eyelets for tying together.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X001-1633	
Title or Object Name	SWAARM/Weapon, Anti Armour/Ordnance/Specific Names and References	
Classification	DISPENSER/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Replica. Large three piece rectangular container with a tapered nose and three fin tail cone assembly. Fitted with two suspension lugs and painted overall gloss white with red stripe and letters SWAARM. Crated.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	72/S/1541	
Title or Object Name	Compass, Miniature/Escape and Evasion Aid/Escape and Evasion Aids/Specific Names and References	
Classification	EVASION AID/ESCAPE AND EVASION AIDS/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Miniature brass compass bowl with needle.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	72/O/373	
Title or Object Name	Container, GP, HE/RAF/(By Service)/Exploder/Ordnance/Specific Names and References	
Classification	EXPLODER TUBE/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hollow steel tube with a shoulder and external thread at one end.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X008-2165	
Title or Object Name	Barrel Housing, MG15/Firearm Component/Firearms/Specific Names and References	
Classification	FIREARM COMPONENT/FIREARMS/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hollow steel tube with oval slots cut along it's length (for cooling). Fitted with forward and rear sights. Heavily corroded but stable.	
Condition Category	04 - Poor/Standard Condition Grading Fair with damage and deterioration	
Object No	X002-9114	
Title or Object Name	MG15 Machine Gun/Magazine/Firearm Component/Firearms/Specific Names and References	
Classification	FIREARM COMPONENT/FIREARMS/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Gloss black painted pressed steel twin drum magazine with carrying strap across the top. Contains 4 dummy rounds (as standard) to avoid live rounds being left in the magazine.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	66/O/354	
Title or Object Name	Stock, Detachable, Luger/Firearm Component/Firearms/Specific Names and References	
Classification	FIREARM COMPONENT/FIREARMS/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Flat board stock fitted with a blackened steel locking catch at one end covered by a leather cap. Four slots machined in the butt with a leather strap screwed to one side.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	72/O/363	
Title or Object Name	Vent Bit, Mortar, Signal, 3in/Firearm Component/Firearms/Specific Names and References	
Classification	FIREARM COMPONENT/FIREARMS/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel bar made into a hand grip with a drill bit (with flat screw-driver tip) welded underneath below a brass disc.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X005-8024	
Title or Object Name	4in, No. 1 Mk. 1/Reconnaissance/RAF/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Poorly sectioned. Black cylindrical body with red band one end and four tail fins and dual suspension lug. Complete with M111A2* mechanical time nose fuse and internal parachute.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/66	
Title or Object Name	4in, No. 1 Mk. 1/Reconnaissance/RAF/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted cylindrical metal canister in two parts connected by a cone shaped adapter containing a parachute. Suspension band in centre.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/462	
Title or Object Name	4.5in (Mark Unknown)/Reconnaissance/RAF/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spent. White cardboard cylinder sealed at both ends with one end having a suspension loop with steel cable.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1986/0864/O	
Title or Object Name	4.5in (Mark Unknown)/Reconnaissance/RAF/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Replica of what appears to be a RFC, Royal Laboratory, flare. Appears to be a Royal Laboratory Gloss black painted metal cylinder rounded at both end with four tail fins and arming vane at the nose. Dual suspension bands with lugs and a red band around the nose.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	70/O/163	
Title or Object Name	4.5in, No. 1 Mk. 1, Yellow/Reconnaissance/RAF/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black cylindrical body with red band one end and four tail fins and dual suspension lug. Complete with internal parachute.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	83/O/1324	
Title or Object Name	Container/Signal/GAF 1933-1945/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bakelite container with screw-off lid with five compartments containing empty cartridges (green).	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	82/O/1186	
Title or Object Name	Schermuly 'Icarus' Type/Civilian/(By Service)/Signal Distress/Rocket/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dummy item. Sealed tube with instruction on use label wrapped around.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1994/1259/0	
Title or Object Name	Type M8A1/Aircraft Illuminating/USA/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two piece grey painted metal cylinder burnt open at one end with a steel line fitted the other. Badly damaged.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/0/49	
Title or Object Name	Type M26/Aircraft Illuminating/USA/(By Service)/Flare/Ordnance/Specific Names and References	
Classification	FLARE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large grey painted cylinder with a rounded nose (missing fuse) and two light green suspension bands with four spot welded fins around the parachute container.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	70/0/274	
Title or Object Name	8in, No. 1 Mk. 3/RAF/(By Service)/Flash, Photographic/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black and red painted steel cylinder with three threaded suspension points machined into body. Nose cap and transit base fitted.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	82/0/1212	
Title or Object Name	8in, No. 1 Mk. 3/RAF/(By Service)/Flash, Photographic/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	White painted steel cylinder with three threaded suspension points machined into body (one having a lug). Nose cap and transit base fitted.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	67/0/1083	
Title or Object Name	Cover, Protective/Bomb Packaging/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large rectangular waterproof green fabric cover with straps around the edges.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	67/0/1084	
Title or Object Name	Cover, Protective/Bomb Packaging/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large rectangular waterproof green fabric cover with straps around the edges.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	67/0/1085	
Title or Object Name	Cover, Protective/Bomb Packaging/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large rectangular waterproof green fabric cover with straps around the edges.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	67/0/1086	
Title or Object Name	Cover, Protective/Bomb Packaging/Ordnance/Specific Names and References	
Classification	FLASH, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large rectangular waterproof green fabric cover with straps around the edges.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X007-4661	
Title or Object Name	Bristol Ptn/Flechette, Anti-Personnel/Weapons, Non-Firearm/Specific Names and References	
Classification	FLECHETTE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Standard pattern with four tail flights. Some surface corrosion.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	85/O/624	
Title or Object Name	Flechette/Weapons, Non-Firearm/Specific Names and References	
Classification	FLECHETTE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Solid steel bar partially machined down it's length forming a fin with a sharp point.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	72/O/96	
Title or Object Name	Flame, Drift, Night, AN-Mk. 4/USAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted cylindrical wooden body with a brass nose and steel fin assembly. Yellow band near the nose.	
Condition Category	Fair with damage and deterioration	
Object No	X005-7460	
Title or Object Name	Flame, Navigation, Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bar metal cylinder with four soldered tail fins and sealed at both ends. Fins broken off.	
Condition Category	Fair with slight damage	
Object No	X005-7461	
Title or Object Name	Flame, Navigation, Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Yellow, red and green painted metal cylinder with four soldered tail fins and sealed at both ends. Fins broken off and body damaged.	
Condition Category	Poor (Damaged)	
Object No	71/O/806	
Title or Object Name	Flame, Navigation, No. 3 Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal canister sealed at both ends with four spot welded tail fins. Surface corrosion.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/724	
Title or Object Name	Flame, Navigation, No. 3 Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal canister sealed at both ends with four spot welded tail fins. Painted overall mustard.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	71/O/492	
Title or Object Name	Smoke & Flame 3½ lb, No. 1 Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel container sealed at both ends with four fins spot welded at tail. Painted red, green and yellow with a red nose band and original storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	71/O/493	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel container sealed at both ends with four fins spot welded at tail. Painted red, green and yellow with a red nose band and original storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/494	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 2/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel container sealed at both ends with four fins spot welded at tail. Painted red, green and yellow with a red nose band and original storage container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	67/O/235	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	67/O/236	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled and inside container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	67/O/533	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	67/O/534	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical smoke and flame float with four small fins at one end. Painted in green/red/yellow bands. Some corrosion around hole in rear end.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	69/O/1309	
Title or Object Name	Smoke & Flame 3 1/2 lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	69/O/1310	
Title or Object Name	Smoke & Flame 3½ lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	70/O/157	
Title or Object Name	Smoke & Flame 3½ lb, No. 1 Mk. 3/RAF/(By Service)/Float/Ordnance/Specific Names and References	
Classification	FLOAT, ORDNANCE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Green, red and yellow painted sealed cylinder with four spot welded tail fins. Practice item - Dummy weighted, inert filled.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	73/O/141	
Title or Object Name	Bomb/Metal/(By Material)/Fragment/Ordnance/Specific Names and References	
Classification	FRAGMENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two cast iron fragments of metal bomb casing.	
Condition Category	Poor (Damaged)	
Object No	80/O/1820	
Title or Object Name	Bomb/Metal/(By Material)/Fragment/Ordnance/Specific Names and References	
Classification	FRAGMENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two cast iron fragments from unknown type of WWII bomb casing.	
Condition Category	04 - Poor/Standard Condition Grading Poor (Damaged)	
Object No	81/O/775	
Title or Object Name	Shell, 88mm/Metal/(By Material)/Fragment/Ordnance/Specific Names and References	
Classification	FRAGMENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Splintered fragment from the base of an exploded German 88mm anti-aircraft shell.	
Condition Category	04 - Poor/Standard Condition Grading Poor (Damaged)	
Object No	71/O/471	
Title or Object Name	Bomb, No. 906 Mk. 1, Nose/RAF/(By Service)/Fuse/Ordnance/Specific Names and References	
Classification	FUSE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylinder shape with two curved handles on either side and threaded at one end with cooling fan the other. Arming cable and cased in glass fibre container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/472	
Title or Object Name	Bomb, No. 906 Mk. 1, Nose/RAF/(By Service)/Fuse/Ordnance/Specific Names and References	
Classification	FUSE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylinder shape with two curved handles on either side and threaded at one end with cooling fan the other. Arming cable and cased in glass fibre container.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	71/O/473	
Title or Object Name	Bomb, No. 906 Mk. 1, Nose/RAF/(By Service)/Fuse/Ordnance/Specific Names and References	
Classification	FUSE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylinder shape with two curved handles on either side and threaded at one end with cooling fan the other. Arming cable and cased in glass fibre container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/474	
Title or Object Name	Bomb, No. 906 Mk. 1, Nose/RAF/(By Service)/Fuse/Ordnance/Specific Names and References	
Classification	FUSE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylinder shape with two curved handles on either side and threaded at one end with cooling fan the other. Arming cable and cased in glass fibre container.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X005-7475	
Title or Object Name	Bomb, No. 951 Mk. 1, Tail, Drill/RAF/(By Service)/Fuse/Ordnance/Specific Names and References	
Classification	FUSE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cylinder stepped and externally threaded at the top section and fitted with a two pin electrical connector. With original storage container.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	67/O/697	
Title or Object Name	Anti-Tank, Rifle, No. 94 Mk. II, Practice/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short cylindrical tapered body with a tapered/rounded nose fitted to a hollow tube with six fin rotating tail vane. Painted overall black with a yellow band. Damaged fins.	
Condition Category	Poor (Damaged)	
Object No	68/O/503	
Title or Object Name	Anti-Tank, Rifle, No. 94 Mk. II, Practice/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short cylindrical tapered body with a tapered/rounded nose fitted to a hollow tube with six fin rotating tail vane. Painted overall black with one broken fin.	
Condition Category	Poor (Damaged)	
Object No	69/O/1359	
Title or Object Name	Anti-Tank, Rifle, No. 94 Mk. II, Practice/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short cylindrical tapered body with a tapered/rounded nose fitted to a hollow tube with six fin rotating tail vane. Painted overall black with yellow band.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	69/O/1360	
Title or Object Name	Anti-Tank, Rifle, No. 94 Mk. II, Practice/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Short cylindrical tapered body with a tapered/rounded nose fitted to a hollow tube with six fin rotating tail vane. Painted overall black with yellow band.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X005-7476	
Title or Object Name	Hand, Fragmentation, Russian, F1/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Segmented cast iron body with a flat base and internally thread at the top (for safety lever) missing. Painted overall olive drab.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X004-1217	
Title or Object Name	Hand, Fragmentation, US Forces, Mk. II/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Replica. Segmented cast aluminium body with a crude safety lever screwed into the top. Painted overall olive drab with yellow band.	
Condition Category	03 - Fair/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X004-1218	
Title or Object Name	Hand, Fragmentation, US Forces, Mk. II/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Replica. Segmented cast aluminium body with a crude safety lever screwed into the top. Painted overall olive drab with yellow band.	
Condition Category	03 - Fair/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X004-1219	
Title or Object Name	Hand, Fragmentation, US Forces, Mk. II/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Replica. Segmented cast aluminium body with a crude safety lever screwed into the top. Painted overall olive drab with yellow band.	
Condition Category	03 - Fair/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	74/O/1049	
Title or Object Name	Hand, German, 1914-18/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Model 17. "Egg" shaped body with a segmented raised band around it's diameter and a screw in igniter. Remains of black paint.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	82/O/708	
Title or Object Name	Hand, Italy, Breda Mod 35/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red painted ribbed aluminium body fitted with a leather pull tab and "fly off" lever connected to a thin brass strip.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	78/O/56	
Title or Object Name	Hand, No. 36M, Mk. 1, Practice/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Segmented "pineapple" shaped body with base plug, striker lever, and safety pin. Painted overall white.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	72/O/103	
Title or Object Name	Hand, No. 36M, Mk. 1/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Segmented "pineapple" shaped body with base plug, striker lever, and safety pin. Painted overall white (worn off).	
Condition Category	03 - Fair/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	X004-1216	
Title or Object Name	Smoke, US Forces/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Steel canister with safety lever and open at the base. Painted overall grey with a red top and red band.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	X005-7458	
Title or Object Name	US, Rifle, Anti-Tank, M9A1/Grenade/Ordnance/Specific Names and References	
Classification	GRENADE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical body with crimped rounded nose section fitted to a hollow tubular tail assembly. Painted over black with a white band. Dented at the nose.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	X002-8652	
Title or Object Name	Knife, Commando Type/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE, COMMANDO/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Double edged steel blade with brass cross guard and pommel with the handle made from coloured metal and plastic bands. Representing the era or the genre of the Fairbairn Sykes knife.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X002-9134	
Title or Object Name	Knife, Commando, Army, Fairburn-Sykes/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE, COMMANDO/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Type 3 knife with blackened finish needle sharp blade and a cast alloy hilt with 27 concentric gripping rings cast onto the pommel. Oval cross guard. Cross guard bent and blackening fading.	
Condition Category	Fair with damage and deterioration	
Object No	71/O/369	
Title or Object Name	Knife, Commando, Army, Fairburn-Sykes/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE, COMMANDO/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Type 3 knife with needle sharp blade and a cast alloy hilt with 27 concentric gripping rings cast onto the pommel. Oval cross guard and complete with leather scabbard with blackened tip.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X002-9137	
Title or Object Name	Knife, Bowie/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Spear point bowie type blade with folding locking cross guard arm built into the handle. Cross-hatched grip scales pinned with five small metal pins. Brown leather stitched scabbard with belt loop.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X003-7486	
Title or Object Name	Knife, Fighting, US Forces, M-3/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Double edge, stiletto type blade with a sharpened secondary edge and point. Steel cross guard with angular bend at one end to facilitate a thumb rest. Six groove bakelite handle with oval steel pommel. Complete with green glass fibre scabbard with shaped steel throat, green webbing frog, leather lanyard and belt loop with press-stud fastener. Tip of blade broken and re-sharpened.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	71/O/315	
Title or Object Name	Knife, Fighting, US Forces, M-3/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Double edge, stiletto type blade with a sharpened secondary edge and point. Steel cross guard with angular bend at one end to facilitate a thumb rest. Eight groove leather handle with oval steel pommel. Complete with green glass fibre scabbard with shaped steel throat, green webbing frog with belt loop and press-stud fastener. Tip of blade broken.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	77/O/368	
Title or Object Name	Knife, Kattar/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tapered double sided blade thickened at the point with a flower type decoration chiselled at the ricasso. Handle comprises of two long decorated horizontal bars with two cross pieces for fist grip. Complete with leather covered wooden scabbard in poor condition.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9143	
Title or Object Name	Knife, Kukri, Skinning/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Small curved blade with black bone grip. Heavily corroded.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X002-9142	
Title or Object Name	Knife, Kukri/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Mk. II long blade variant. Curved steel blade with wooden handle and steel butt plate, complete with leather covered wooden scabbard and small skinning knife.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/1504	
Title or Object Name	Knife, Kukri/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Mk. 11 long blade. Curved steel blade with wooden handle and steel butt plate, complete with leather covered wooden scabbard with steel tip and skinning/sharpening knives.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/1505	
Title or Object Name	Knife, Kukri/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Mk. 11 long blade. Curved steel blade with wooden handle and steel butt plate, complete with leather covered wooden scabbard with steel tip and skinning knife.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1988/1209/S	
Title or Object Name	Knife, Kukri/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Mk. 11 short blade. Curved steel blade with wooden riveted handle with steel butt plate and complete with leather covered wooden scabbard.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	84/O/202	
Title or Object Name	Knife, Kunjah/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Double sided curved blade with bone and brass hilt made up of separate rings along the length. Some slight corrosion on blade and slight damage to hilt.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	X002-9132	
Title or Object Name	Knife, Trench Fighting, German, WWI/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Double edged blade tapering to a point with a central fuller. Curved quillion with original leather washer on blade ricasso. Two piece black plastic? chequered hand grip fixed by two rivets. Birds head pommel with rifle channel and (false) spring loaded catch.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/979	
Title or Object Name	Knife, Trench Fighting, US Forces, Ptn 1917/Weapons, Non-Firearm/Specific Names and References	
Classification	KNIFE/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Triangular stiletto blade with sharp point, full wooden grip shaped to fit fingers and a full curved knuckle guard with six spikes. Complete with original black leather scabbard with steel throat incorporating a steel wire belt clip? and steel tip, (both riveted to the leather).	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/1177/O	
Title or Object Name	Aircraft, 19lb (Mark unknown)/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Two piece silver painted cylinder sealed at both ends.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	1994/1256/O	
Title or Object Name	Aircraft, 19lb (Mark unknown)/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red and yellow painted two-piece steel cylinder closed at both ends. Two plugs fitted at one end.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1257/O	
Title or Object Name	Aircraft, 19lb (Mark unknown)/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red and yellow painted two-piece steel cylinder closed at both ends.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/1258/O	
Title or Object Name	Aircraft, 19lb (Mark unknown)/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red and yellow painted aluminium cylinder open at both ends, fitted with a spring loaded aerial.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/73	
Title or Object Name	Aircraft, 21lb, No. 4 Mk. 1, Dummy/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Yellow painted metal cylinder with a light series suspension band and closed at the nose end by a nose skirt and press cap with a parasheet unit the other end.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	72/O/72	
Title or Object Name	Aircraft, 21lb, No. 4 Mk. 1/RAF/(By Service)/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Red and yellow painted metal cylinder with a light series suspension band and closed at the nose end by a nose skirt and press cap with a parachute unit the other end.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/477	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted tube sealed at both ends with one end having a slight taper. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/478	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted tube sealed at both ends with one end having a slight taper. Cased in 71/O/481.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/479	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted tube sealed at both ends with one end having a slight taper. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	71/O/480	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted tube sealed at both ends with one end having a slight taper. Cased.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	80/O/1766	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dummy. Silver painted cylinder with a rounded nose and contains a bag.	
Condition Category	Fair with slight deterioration	
Object No	72/O/717	
Title or Object Name	Aluminium, Mk. 5*/Marker, Sea/Marker, Marine/Ordnance/Specific Names and References	
Classification	MARKER, MARINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted hollow metal container with a yellow painted nose.	
Condition Category	Fair with slight deterioration	
Object No	65/O/903	
Title or Object Name	Fairing, A Type, Mk. 9/Mine Component/Ordnance/Specific Names and References	
Classification	MINE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Circular thin sheet steel two-piece fairing shaped to fit one end of a cylinder shaped mine.	
Condition Category	01 - Excellent/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	X005-9953	
Title or Object Name	Land Mine, GAF 1933-1945/Fabric/(By Material)/Fragment/Ordnance/Specific Names and References	
Classification	MINE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	See Historical Note.	
Condition Category	Poor (Damaged)	
Object No	68/O/85	
Title or Object Name	Pull Switch, No. 1/RAF/(By Service)/Arming Mechanism/Mine Component/Ordnance/Specific Names and References	
Classification	MINE COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Brass tube externally threaded at both ends with a percussion cap fitted one end with a striker release pin (with trip wire split ring) the other.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	65/O/1075	
Title or Object Name	A Type, Mk. 6, Sectioned/Anti-Shipping/RAF/(By Service)/Mine, Aircraft/Mine/Ordnance/Specific Names and References	
Classification	MINE/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Parachute mine with angled nose (missing faring). Painted overall green with red nose band, with single suspension lug.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	69/S/504	
Title or Object Name	Canopy, P.B.1. Type, Mk.4/Parachute Equipment Component/Parachute Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	PARACHUTE EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large white silk or rayon canopy with guy lines. Boxed.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/S/505	
Title or Object Name	Canopy, P.B.1. Type, Mk.4/Parachute Equipment Component/Parachute Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	PARACHUTE EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large white silk or rayon canopy with guy lines. Boxed.

Title or Object Name	USAAF/Pack, Survival/Personal Survival Equipment/Safety and Survival Equipment/Specific Names and References	
Classification	PERSONAL SURVIVAL EQUIPMENT/SAFETY AND SURVIVAL EQUIPMENT/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sealed plastic container containing, horlicks tablets, x1 pack of biscuits, x1 box of matches and possibly halazone tablets. Container is breaking down and in very poor condition.	
Condition Category	05 - Unacceptable/Standard Condition Grading	
Object No	68/O/108	
Title or Object Name	3in, Smith Gun/(By Calibre or Weight)/Artillery/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Machined cast iron cylinder internally threaded at both ends with one end capped. Painted overall mustard with green and black bands.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	1994/0479/O	
Title or Object Name	15in, Shell, Naval/(By Calibre or Weight)/Artillery/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Very large forged steel body tapering at the nose. The nose has a internally threaded pocket to fit a fuse and the base is solid with a drive band around the outside. Re- painted overall in green.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X002-9415	
Title or Object Name	80/40mm/(By Calibre or Weight)/Artillery/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large heavy calibre round with brass case and pointed armour piercing point. Inert, empty casing only.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	72/O/100	
Title or Object Name	Bomb, H.E., 45mm, Italy/Mortar/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black painted cylindrical hollow body with a rounded nose fitted with a one piece four fin red painted tail.	
Condition Category	03 - Fair/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	72/O/61	
Title or Object Name	Bomb, H.E., 105mm, German Army/Mortar/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Sectioned. Cylindrical tapered body with a rounded nose with fuse plug and a finned tail unit with drilled holes. Painted over all dark green and red.	
Condition Category	02 - Good/Standard Condition Grading Poor (Damaged)	

Aircraft, Vehicles & Operational Technology

Object No	80/O/1745	
Title or Object Name	Bomb, H.E., Granatenwerfer 16/Mortar/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Cylindrical segmented body with a nose thread and four fin rotating tubular tail assembly screwed into rear.	
Condition Category	02 - Good/Standard Condition Grading 02 - Good/Standard Condition Grading	
Object No	68/O/30	
Title or Object Name	Mk. 1 Gun, 1916/2pdr/(By Calibre or Weight)/Artillery/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Long rimmed brass case with a side primer (hole) and fitted with a solid steel head with a timed fuse.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	68/O/31	
Title or Object Name	Mk. 1 Gun, 1916/2pdr/(By Calibre or Weight)/Artillery/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Solid steel head only (no case) with a timed fuse and drive band. Surface corrosion.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X005-7465	
Title or Object Name	No. 1 Mk. 2/1¾in/(By Calibre)/Illuminating/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Bare metal cartridge flanged at the base with percussion cap.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	68/O/460	
Title or Object Name	Projector, Ant-Tank/Round/Ammunition/Specific Names and References	
Classification	ROUND, AMMUNITION/AMMUNITION/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Tubular tail assembly welded to a cylindrical hind body joined to a fore body with a central tube by a union ring. Painted overall green with a green/yellow band and red tip. Crushed tail cone.	
Condition Category	04 - Poor/Standard Condition Grading Fair with slight damage	
Object No	83/O/1392	
Title or Object Name	RAF, No. 4 Mk. 1/Screamer/Bomb Component/Ordnance/Specific Names and References	
Classification	SCREAMER {See Scope Note}/BOMB COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Dark grey painted metal tube with a section cut from the front and fitted with a wooden (bullet shaped) nose and steel strip.	
Condition Category	03 - Fair/Standard Condition Grading	
Object No	72/O/112	
Title or Object Name	Day & Night, No. 1 Mk. 1/RAF/(By Service)/Distress/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black plastic cylinder with light blue screw-off caps at either end with instructions label wrapped around. Both end caps split.	
Condition Category	03 - Fair/Standard Condition Grading Fair with slight damage	

Aircraft, Vehicles & Operational Technology

Object No	72/O/391	
Title or Object Name	Day & Night, No. 1 Mk. 1/RAF/(By Service)/Distress/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black plastic cylinder with light blue screw-off caps at either end with instructions label wrapped around. One end cap split.	
Condition Category	Fair with slight damage	
Object No	82/O/1207	
Title or Object Name	Day & Night, No. 1 Mk. 2/RAF/(By Service)/Distress/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Yellow plastic cylinder with green and white screw-off caps at either end.	
Condition Category	01 - Excellent/Standard Condition Grading

Title or Object Name	Day & Night, No. 1 Mk. 2/RAF/(By Service)/Distress/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Yellow plastic cylinder with green and white screw-off caps at either end.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1103	
Title or Object Name	Mk. 1, Red/RAF/(By Service)/Distress, Miniflare/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Gold anodised "pen like" firing tool with a threaded nose for fitting mini flares (8 stored in red rubber case).	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	69/O/1104	
Title or Object Name	Mk. 1, Red/RAF/(By Service)/Distress, Miniflare/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Gold anodised "pen like" firing tool with a threaded nose for fitting mini flares (8 stored in red rubber case).	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	X005-7484	
Title or Object Name	No. 1 Mk. 1/RAF/(By Service)/Airfield Locating/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Silver painted metal tube sealed at both ends. Surface corrosion.	
Condition Category	04 - Poor/Standard Condition Grading Fair with slight deterioration	

Aircraft, Vehicles & Operational Technology

Object No	82/O/1276	
Title or Object Name	Penrocket, 2 Star, Red, Dummy/RAF/(By Service)/Distress/Signal/Ordnance/Specific Names and References	
Classification	SIGNAL/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Small aluminium container wrapped in paper label and sealed at the base with a capped top.	
Condition Category	01 - Excellent/Standard Condition Grading 01 - Excellent/Standard Condition Grading	
Object No	67/O/552	
Title or Object Name	Sabre, Italian Cavalry Troopers, Model M1860/Weapons, Non-Firearm/Specific Names and References	
Classification	SWORD {See Scope Note}/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Heavy bladed sabre with scabbard. Clean blade is with makers mark S&K stamped on one side at the forte, steel guard and pommel cap, original leather covered grip and brass wire bindings (some missing), it is complete with it's original steel scabbard, with number and inspection mark on the drag. Slight surface corrosion overall.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X005-8095	
Title or Object Name	Sword Stick/Weapons, Non-Firearm/Specific Names and References	
Classification	SWORD {See Scope Note}/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Hollowed out cane concealing a thin square section steel rod sharpened to a point and fitted with curved handle. Brass ferrule around the joint and tip.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1991/0484/O	
Title or Object Name	Nose Cap, Frangible/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large black cone with stencilled details and foam padding inside. Slightly split.	
Condition Category	Fair with slight damage	
Object No	1994/0401/O	
Title or Object Name	Nose Cap, Frangible/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large black plastic protective dome.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/0413/O	
Title or Object Name	Nose Cap, Frangible/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large black glass fibre protective dome.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/0404/O	
Title or Object Name	Parachute Attachment, No. 15/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large circular two-piece metal container with an eight point spring loaded locking mechanism in the rear. Painted overall green.	
Condition Category	02 - Good/Standard Condition Grading	

Aircraft, Vehicles & Operational Technology

Object No	1994/0409/0	
Title or Object Name	Parachute Pack, Type AT/C/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Grey painted shallow cylinder with four locking mechanisms around the base and packed with a parachute covered with a green canvas cover. Dented around the base.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	1994/0408/0	
Title or Object Name	Parachute, Type ATL/RAF/(By Service)/Torpedo Accessory/Ordnance/Specific Names and References	
Classification	TORPEDO ACCESSORY/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Nine foot diameter parachute contained inside a circular green plastic container with domed khaki cover.	
Condition Category	01 - Excellent/Standard Condition Grading	
Object No	65/O/881	
Title or Object Name	Warhead, Mk. 12, Sectioned/RAF/(By Service)/Torpedo Component/Ordnance/Specific Names and References	
Classification	TORPEDO COMPONENT/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large hollow steel cylinder with a rounded nose welded on and several purpose cut shapes removed from the body. Stepped down at rear to fit torpedo body and a threaded hoisting hole machined in nose. Painted light orange overall.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	72/O/426	
Title or Object Name	18in, Mk. 30/RAF/(By Service)/Torpedo/Ordnance/Specific Names and References	
Classification	TORPEDO/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Air dropped passive homing torpedo. Yellow and silver painted three piece cylindrical shaped body with rounded nose section, tail assembly and propeller.	
Condition Category	02 - Good/Standard Condition Grading	
Object No	1994/0411/0	
Title or Object Name	18in, Mk. 30/RAF/(By Service)/Torpedo/Ordnance/Specific Names and References	
Classification	TORPEDO/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Air dropped passive homing torpedo. Yellow painted three piece cylindrical shaped body with rounded nose section and tail (missing propeller and parachute).	
Condition Category	02 - Good/Standard Condition Grading	
Object No	X006-1325	
Title or Object Name	18in, Mk. 44 (UK), Action Type, Mod O, Practice/RAF/(By Service)/Torpedo/Ordnance/Specific Names and References	
Classification	TORPEDO/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Black and silver painted cylinder with propellers at aft end. Dummy drill torpedo.	
Condition Category		
Object No	1994/1161/0	
Title or Object Name	765kg, LF 5b/GAF 1933-1945/(By Service)/Torpedo/Ordnance/Specific Names and References	
Classification	TORPEDO/ORDNANCE/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	Large cylindrical body with a single suspension lug (fixed with four countersunk screws) tapered tail cone assembly having an eight fin contra-rotating propeller. The forward nose section/warhead missing. Painted dark green overall.	
Condition Category	Incomplete	
Object No	X005-8460	
Title or Object Name	Truncheon, Bamboo/Weapons, Non-Firearm/Specific Names and References	
Classification	TRUNCHEON/WEAPONS, NON-FIREARM/AIRCRAFT & EXHIBITS/Classification	
Brief or Physical Description	20 inch length of bamboo with lead tear-drop shaped weight at one end.	
Condition Category	02 - Good/Standard Condition Grading 01 - Excellent/Standard Condition Grading
